Hi Megan - Whenever a duplicate client is discovered, we are no longer discharging and then recreating a new client intake. That distorts the total number of clients assisted when we run reports. Once I get the ok from Good Shepherd, I will transfer her in the system and you will be able to see her previously entered intake information, and be able to submit all required forms for her.

Ok, the nurse has talked to her and she would like to switch to us. I have her enrollment information to put in once she has been discharged. Let me know what else you need from me.

**Thanks!**
